23 January 2024

Report from IBFD Tax Treaties Unit

During a recent speech by the chair of the Australian Chamber of Commerce in Hong Kong, Australia has expressed interest in concluding a tax agreement with Hong Kong, with the inclusion of a tie-breaker provision to make it more equitable for individuals to pay tax in the jurisdiction where they are a resident. Further developments will be reported as they occur.

Treaty texts are published in the Treaties collection on *IBFD's Tax Research Platform*, as available.
