

# Multilateral Instrument (MLI) – Finland Publishes Updated English, Finnish and Swedish Synthesized Texts of Finland-Uruguay Treaty

9 January 2024

Report from IBFD Tax Treaties Unit

The Finnish Ministry of Justice recently published updated versions of the English, Finnish and Swedish synthesized texts of the [Finland - Uruguay Income and Capital Tax Treaty \(2011\)](#), displaying the modifications made to the treaty by the MLI and specifying additional effective dates with Uruguay. These documents were prepared in consultation with the competent authority of Uruguay and represent their shared understanding of the modifications made to the treaty by the MLI.

The publication of the updated texts follows Finland's deposition of a notification under article 9 of the MLI on 27 June 2023 (for previous reporting, see [Multilateral Instrument \(MLI\) – Finland Deposits Notification Subsequent to Ratification \(29 June 2023\)](#)).

Finland and Uruguay deposited their instrument of ratification of the MLI on, respectively, 25 February 2019 and 6 February 2020. The MLI therefore entered into force for Finland on 1 June 2019 and for Uruguay on 1 June 2020.

Each of the MLI provisions could take effect on different dates, depending on the types of taxes involved (taxes withheld at source or other taxes levied) and on the choices made by Finland and Uruguay in their MLI positions (for earlier reporting, see [Multilateral Convention \(MLI\) – Finland Publishes English, Finnish and Swedish Synthesized Texts of Finland-Uruguay Treaty \(13 August 2021\)](#)).

For more details, check the synthesized text on IBFD's Tax Research Platform: [Finland - Uruguay Income and Capital Tax Treaty \(2011\) \(English MLI synthesized text 2020\)](#).

The purpose of the synthesized text is to facilitate the understanding of the application of the MLI but it is not in itself a source of law.
