

Finance Department Launches Consultation on European Commission Proposed Measures under VAT in the Digital Age Initiative

15 March 2023

Report from Giulia Gallo, Senior Associate, IBFD

The Finance Department has launched a public consultation on the new measures proposed by the European Commission to modernize the EU value added tax (VAT) system and make it fit into the digital age, address the challenges raised by the development of the platform economy and continue to combat VAT fraud by embracing and promoting digitalization (for details, see [European Commission Proposes New Measures in Relation to VAT in the Digital Age Initiative, Considering VAT Gap in EU \(8 December 2022\)](#)).

In particular, the Finance Department invited comments on the following documents:

- [Proposal for a Council Directive amending Directive 2006/112/EC as regards VAT rules for the digital age;](#)
- [Proposal for a Council Regulation amending Regulation \(EU\) No. 904/2010 as regards the VAT administrative cooperation arrangements needed for the digital age; and](#)
- [Proposal for a Council Implementing Regulation amending Implementing Regulation \(EU\) No. 282/2011 as regards information requirements for certain VAT schemes.](#)

Comments should be submitted by 10 April 2023 through the [website](#) of the Finance Department (in Italian).
