

Burkina Faso Denounces Tax Treaty with France

9 August 2023

Report from our correspondent Willermine Laurence Edwige Kaboré, Tax lawyer, Ouagadougou

The Ministry of Foreign Affairs, Regional Cooperation and Burkinabè Abroad of Burkina Faso has formally denounced the [Burkina Faso - France Income, Inheritance, Registration and Stamp Tax Treaty \(1965\)](#), as amended by the 1971 protocol, by way of a note issued to the French Ministry for Europe and Foreign Affairs.

This denunciation is the consequence of the refusal by France to renegotiate the treaty despite two requests from Burkina Faso on 5 January 2020 and at the end of 2021.

The particulars of this decision are outlined in a confidential Note No. 2023-609/MAECRBE/CAB which was issued and received on 7 August 2023.

The denunciation will become effective within three months of receipt of this note.

Further developments will be reported as they occur.
