4 May 2023

Report from Dr René Offermanns, Principal Associate, IBFD

On 3 May 2023, the Chamber of Deputies (*Chambre des Députés*) adopted a bill to implement the [Amending Directive to the 2011 Directive on Administrative Cooperation \(2021/514\)](#) (DAC7).

For details of the bill, see [Council of Ministers Approves DAC7 Bill \(3 June 2022\)](#) and [Government Submits DAC7 Bill for Parliamentary Approval \(16 June 2022\)](#).

The announcement of the bill's adoption can be found [here](#) (in French only).

The next step in the legislative process is the promulgation of the bill by the Grand Duke.

Note: DAC7, in short, obliges digital platforms to collect, verify and report information on sellers who use their platform to sell defined goods or provide services (e.g. rentals of immovable property), and also seeks to generally strengthen (e.g. through a joint audit framework and data breach procedures) the exchange of information and cooperation between Member States.
