Parliament Adopts Energy Package Including New Personal Income Tax Table and Modified Energy Credit

30 June 2023

Report from Dr René Offermanns, Principal Associate, IBFD

On 29 June 2023, the Chamber of Deputies (*chambre des députés*) adopted in first reading a bill on measures to combat the soaring energy prices, including a modification of the personal income tax table and the energy credit.

For details of the bill, see [Energy Package Presented to Parliament, Including New Personal Income Tax Table and Modified Energy Credit \(6 April 2023\)](#).

The announcement of the bill's adoption can be found [here](#) (in French only).

The next step in the legislative process is the promulgation of the bill by the Grand Duke.
